

Product Overview

Nature Play

A natural blend to the urban playground.

dynamoplaygrounds.com

An Adventure for Little Explorers

- Adds a "natural" looking play element to any playspace
- Built to resemble rocks, trees, animals, and more using **Glass Fibre Reinforced Concrete(GFRC)**
- Develops imagination, exploration and a sense of discovery
- Increases the mental and spatial skills of children as they play
- Options for **children from 5-12**
- **Accessible** options available
- **Customizable**

Create an outdoor adventure for little explorers in the heart of your neighbourhood park.

These products are perfect for younger and intermediate climbers alike to hone their skills.

Strong, natural, long-lasting playground structures made of GFRP that use the beauty of nature to inspire children to climb and explore.

These long-lasting structures can also be customized with rope, giving kids more areas of exciting exploration.

Frequently Asked Questions

Get to know our Nature Play series by reading some of our most commonly asked questions.

How are these games shipped?

These games can be quite large and heavy, which make it difficult to transport in a freight container. While smaller Nature Play games (ex. stumps, animals etc.) can be shipped, others are built onsite (ex. boulders).

How do you maintain these games?

Games in our Nature Play line require little to no maintenance. At most, cleaning the games periodically will be required to maintain their appearance.

Can GRFC crack? How can cracks be fixed?

Games made of GFRC made experience small cracks due to weathering overtime, but this will not affect the overall function and aesthetic of the game. Larger cracks will mainly occur if the games are being damaged (ex. hit with a hammer).

For these damages, we offer easy to use repair kits that are sent onsite to get your game up and running quickly.

Are you able to make custom pieces with GFRC?

If you're working with a specific theme, we are able to create unique pieces using GFRC. Our team will work with you to design a piece perfect for your play space.

Are these games customizable?

Yes, they are! We are able to combine Nature Play games with rope and slides, adding more fun, exploration and discovery to your playground!

What is the warranty?

We offer 5 years of warranty on games in our Nature Play line. Looking to submit a warranty claim? Send us a photo and a description of the damage and our team will work with you to rectify the issue as soon as possible!

How long does it take to manufacture these games?

Games in our Nature Play line take between 12-14 weeks to manufacture. Lead times can increase for larger or more customized games. They also might need to be built onsite.
